HARMONICS

HARMONICS IS THE MODERN APPLICATION OF THE ANCIENT WISDOM RELIGION OF ETHERIA.

The Science of HARMONICS has, as one of its major goals, an attempt to raise the whole of Reality to one Basic Formula. It seeks to include both the human and the Divine Nature within the framework of a unified mathematical system.

A study of this all-inclusive System enables us to understand what "God" is now waiting to do for us, and shows us how to co-operate with Life to achieve the ultimate goal of all human endeavors, that is: the Union of the lower nature with the Higher Self, a literal transmutation of the human into the Divine.

The word HARMONICS will henceforth serve to identify this special and specific movement of The Etheric Brothers as one of Their major channels of Instruction for the remainder of this Century of Uncertainty in our solar system.

The Philosophic System of HARMONICS shows us the proper relation of all the parts to the whole. It pinpoints our place, as future Initiates, in the entire Evolutionary Pattern and Program of the Divine-Mind-Heart-Spirit.

HARMONICS provides us, further, with a Method for Self-development that will surpass our present state of consciousness and limited human activities. At this point the scientific aspect of HARMONICS gives way to the ART of HARMONICS, as we put into practice its formulae; and become individual creators.

If the Harmonic Formula is applied the results are certain to be achieved. The time element will depend upon the intensity of the Desire and the strength of the Personal Will, in each Student of this Modern Science of Balance.

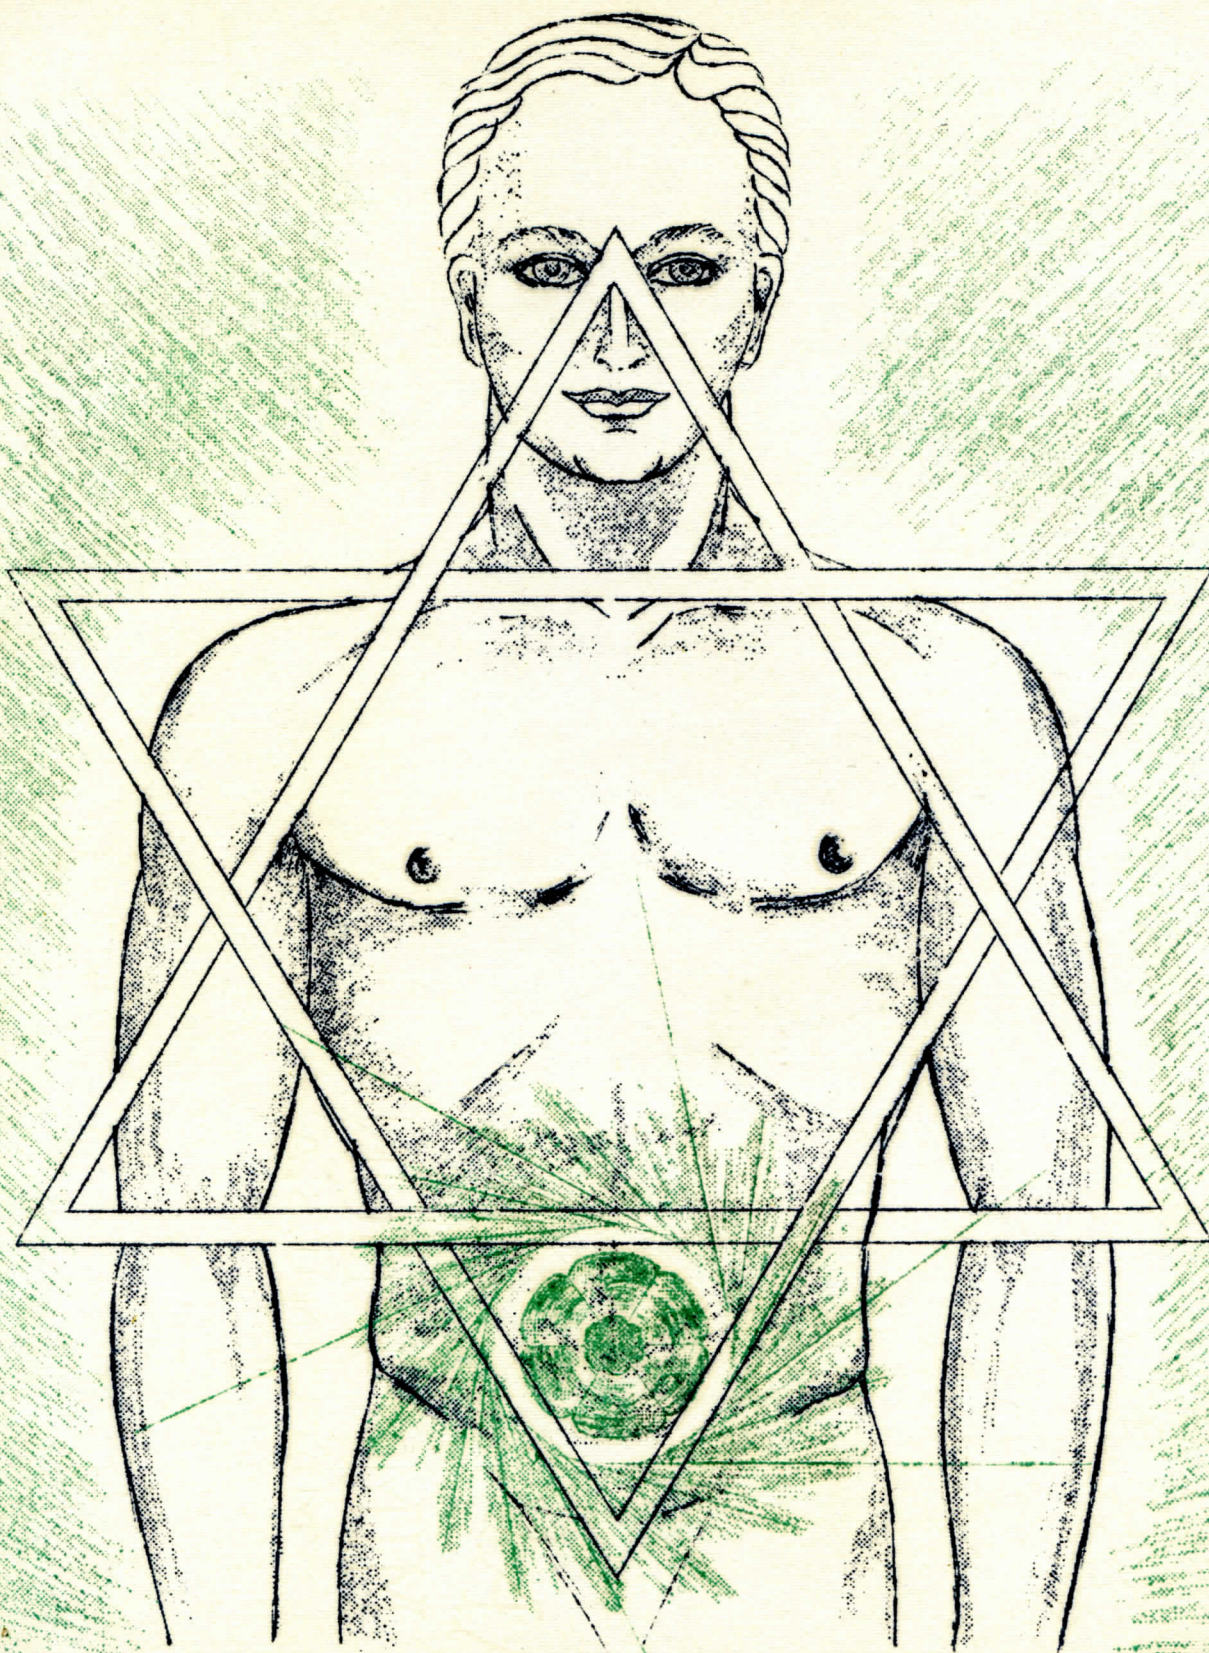

The Science and Art of HARMONICS is two-fold in its action: It seeks first to harmonize the Individuals lower nature with his Higher Self. By so doing it will eventually harmonize the affairs of communities and nations.

FIRST, each of us must harmonize and balance our own personal worlds and lives. Then, and not until then, will world balance and harmony be achieved! Your problems thus become the problems of Humanity. And, more importantly, the trials of Humanity become part of your personal responsibility and concern. HARMONICS is thus the answer to your problems. And HARMONICS is also the solution of the worlds problems--since each of us make up the complete world.

HARMONICS IS THE CHANNEL OF LIGHT FROM THE ELDER BROTHERS OF UPPER-ETHERIA (And HARMONICS is the open doorway into your own personal, eternal Freedom.)

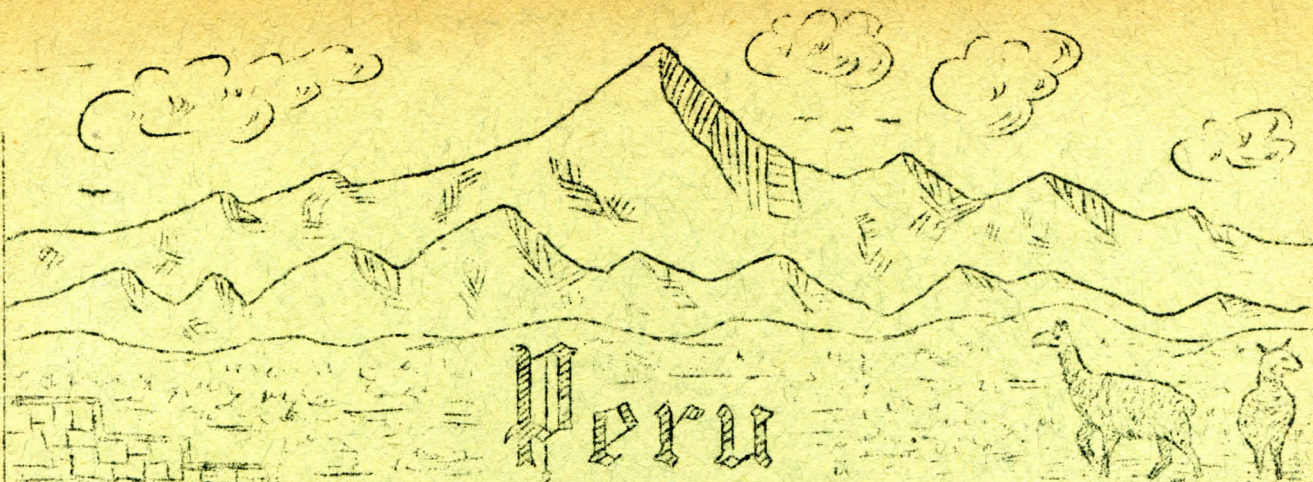

The thirty-six Lessons in HARMONICS, together with the Brochures & Bulletins, are sufficient to establish your life and affairs on the changeless foundations of the Harmonic Law of Personal and Individual Balance. And this is Perfection.

RAOUL BLAKE

JUPITER-SPLEEN-CENTER

THE HUMAN ORGAN CALLED THE SPLEEN IS THE SECOND INDIVIDUALIZING CENTER OF THE Cosmic Energies which move through the Spinal Column. The traditional area of Universal Radiation connected with the Spleen Chakra is located in the Andean Mountains of South America, and focused specifically through the ancient Temple in PERU. There are many correspondences which come instantly to mind when the Student considers the relation of the Etheric Centers and their physical counterparts throughout the globe; and these correspondences or similarities will provide the serious thinker with abundant material for meditation.

The Cosmic Principle of Saturn, moving through the Root-Chakra, was given as CRYSTALLIZATION. The Cosmic Principle of Jupiter, moving through this next Chakra, behind the Spleen, is that of EXPANSION. The Etheric Plane and the Etheric Body is the domain proper of the Splenic Ray of Expansion. While the outer or physical body and its material concomitant, the earthly world, is the domain proper of Saturn and its Crystallizing or hardening Rays of Energy.

In the great world of human affairs, the current cycle of Cosmic Power is now using Egypt as the focus for the Rays of Saturn. This is evident in the critical relations, as of now, between Egypt and Britain over control of the Suez Canal (the feature of a Cosmic Appendix which serves much, in the Body of the World-Soul, as it does in our human bodies to provide a gateway, or shortcut, for the excess Saturnian Rays of Crystallization which are destroying the British Empire.) The Splenic Consciousness is now focused in the Middle East, Iran (Persia) Arabia and India. The vital fluid of the Earth, oil and its by-products are remarkably similar to the Etheric Fluids moving through the Spleen and magnetizing the lower parts of the human continent or body. With the Solar-Plexus Rays of the Cosmic Consciousness being objectified in the isles of the Far East, Borneo, Siam, Sumatra, Cambodia and Indo-China as a whole, the Student should have no difficulty in completing the Cosmic Pattern as it is now outpicturing itself in the affairs of our human nations and governments.

So long as we confine our observations of the international drama to the events which seem to spring merely from activities of individual humans and localized political forces, it will never be possible for us to discover the TRUE CAUSES of the confusion which is now overwhelming Mankind. Only by perceiving each separate event as a fragment of the Universal Government of The Soul of the World, the Planetary-Mind, will we succeed in achieving an intelligent explanation of the many perplexing machinations of the different nations and rulers. Slowly but so certainly this Divine Government of The World-Soul IS being established in the hearts and minds of Humanity, and therefore in their nations. This Divine Government is actually the same problem confronting each of us as human units in the World-Mind---the balancing and perfecting of the Universal Rays as they move through the Twelve Sacred Centers of Power, our Chakras.

* * * * *

The Supreme Consciousness of the globe, that which we call the World-Soul, must gain control over all of His Chakras or Centers of Cosmic Power. This He must do in the same way we, as tiny cells in His Universal Body, are compelled to do also. While the basic areas of Consciousness, the Chakras, never change, the action of the Chakras does change frequently. This is true in the Great Body of the World Soul, and it is equally true of our own bodies. Thus, during the last world war the Saturnian Rays of the Egyptian Chakra were moving, viciously, through the Nazi madmen and their cohorts. And while the Solar-Plexus Rays of Mars is to be found in the vast wastes of the Gobi Desert, its action during the War was through the Communistic channels of Russia and her puppet nations. France was the scene of the Heart Rays from Venus, although the Temple of the Heart, or the Cardiac Center, is located deep in Central American jungles.

This same variation of the Power and its Action is to be found in our bodies and our personal affairs. It is entirely possible for the crystallizing Rays of the Root Chakra to move through the Heart Chakra, or any of the other eleven areas of Cosmic Energy. Indeed, this is the daily experience of every human. Each Chakra must be influenced by the other eleven in order to achieve the perfect balance of the Twelve Divine Principles of our Human Nature-in-God. This influence, however, should be under the control of our will, directed by the mind and stimulated by the emotions in perfect harmony and knowledge of all the necessary processes. When we have achieved such control we are said to be adept in handling our natural forces. We become The Adept. Eventually, when absolute control and invincible authority is gained over the Twelve Principles as they move through the Twelve Centers in our body, we become The Master.

A study of the ancient civilizations which have climbed to greatness in those mountainous areas of the Andes will reveal many instructive aspects of the nature and function of the Spleen or Jupiter Chakra. The most conspicuous civilization of the Andean nations was that of the Incas, or Yin-Ca-Hayas, dating back some 90,000 years. Recent excavations in Mexico and Yucatan have shaken the theories of modern geologists and archeologists into fragments as far as time elements are concerned. Ruins thought to be one or two thousand years old have now been proven to be vastly more ancient. Thus one more phase of the Ancient Teachings has been fully and properly verified by modern science; for as most Students know, the Elder Brothers have declared these ruins in South America to be of such great antiquity as to be almost beyond belief. Soon, the correct age of the Venus Temple in Central America will be proven to be in excess of a million years--in spite of the ridiculous conclusions of former excavators who gave surrounding ruins the possible age of two thousands!

Historically, PERU is the ancient homeland of the Children of the Sun, the Divine Inca and his royal family. The Andes mountains serve in the economy of the World-Soul the same purpose which the Hymalyan summits of the Orient provide. They are part of the Universal Spinal System which supports the globe itself. We know the slightest discord in our human spinal systems will communicate itself instantly to the rest of the body, often resulting in sicknesses and disease which medical healers cannot explain. Any disturbance among the Incas, the Yin-Ca-Has, was instantly felt throughout the three lower chakric areas of the World-Soul, the earth itself. This same etheric communication of discord exists in our modern world of the twentieth century. Discord in your personal world instantly projects itself into the world of the Planetary-Mind, the globe on which we exist. The reverse of this is also true: Discord in those nations representing the Chakras of the World-Mind, very soon will cause serious reactions in our own body, mind, world and affairs. Hence the wisdom of learning all that we can about these mighty Cosmic Currents of Universal Consciousness.

* * * * *

SUCH IS THE INSTRUCTION OF THE ANCIENT TEACHING CONCERNING THE MARVELOUS relationship between the tiny personal chakras of the human being and the vast impersonal chakras of the Supreme Being Who uses the Earth-globe as a body. To the uninformed, such information may seem strange indeed. But to the Student, the Thinker, the Seekers after Divine Knowledge such Teachings are wonderous in their power to uplift, enlighten and inspire. For little by little the faithful Student acquires the meaning of Universal Consciousness. He understands himself to be, no longer an insignificant cog in a vast, blind, impersonal Wheel of Life---but an invaluable element of Divinity which is to be intensified by such knowledge and exploded into a quality of Cosmic Oneness with the Great Soul of the Earth, of Whom he is an eternal, and vital, part.

THE TEMPLE OF THE JUPITERIAN HIERARCHY AND THE SPLENIC RAY IS IN PERU.

The Hours of Radiation in which the Members of this Temple are especially able to absorb its magnetism are from NINE P.M. to TWELVE Midnight. And as in the case of the Saturnian Rays from Egypt, when it is Nine o'clock at your place on the Earth these dynamic Rays will be flooding your Spleen Chakra, till 12.PM.

The Divine Principle of EXPANSION which is the special aspect of Jupiter is the exact opposite of the Saturnian Ray or Principle of Crystallization. This Chakra of Jupiter is also called the Life or Etheric Principle. Its color is a deep and extremely beautiful EMERALD GREEN, the 'normal and natural' color of Nature. It is seat of the sense of TASTE. (Saturn is the sense of SMELL). (Saturn's basic color, which was omitted in the last lesson, is a deep violet-red.) These color-rays vary somewhat in their intensity in each individual. They also vary from time to time due to the blending of the different rays.

The Etheric Plane and the Etheric Body are the province of the Jupiterian Ray. The Etheric Body (which is explained at length in the Lessons on the Bodies) is an extremely important part of our outer physical world and activity. This Body of radiant Green Magnetism surrounds the physical form at all times and serves as a channel to supply the flesh form with Life and Energy. At the death of the physical body, the Spirit passes into the Etheric Body and dwells in and through it for a short time. Any congestion or restriction in any part of the Etheric Body will instantly outpicture or reflect in the Flesh Form. Thus the true seat of sickness in the physical body is always to be sought in the Etheric Vehicle which surrounds it.

Surrounding the Etheric Body is a circular body of Emotional Substance. This Body of Sensation makes it possible for us to know the many different feelings we call emotions. Emotion or feeling must have a substance in which to act before our consciousness can be aware of the emotion. The substance of the Emotional Body is a material substance. The substance of the Etheric Body is also a material substance, just as the substance of our flesh body is considered material matter or substance. The difference is one of speed and size of particle. The physical substance-particles are large in size and slow in speed. The Etheric substance-particles are smaller and faster; and the Body of Emotion is still smaller in its particles and faster in its motion.

There is also a fourth body or vehicle made of material substance. It is called our Mental Body, and is filled with the Substance of Mind. This Mental Substance is the smallest in size of particle, and moves with a far greater speed than the other three bodies, the Emotional, Etheric and Flesh instruments.

* * * * *

AROUND THESE FOUR 'LOWER' BODIES OR VEHICLES OF CONSCIOUSNESS ARE TO BE FOUND three more Bodies or Instruments which the Spirit must use while embodied in human consciousness. If the Student thinks of seven balloons or circles one within the other the picture will be sufficiently accurate for study. The central core, or axis, of these spheres has seven Centers of Light or Chakras. These Chakras are the brains of each of the seven bodies or circles.

The Root-Chakra is the Spiritual Brain of the physical world and the flesh body. The Spleen-Chakra is the Spiritual Brain of the Etheric world and the Etheric body. The Solar-Plexus is the Spiritual Brain of the Emotional world and the Emotional body; and the Heart-Chakra is the Spiritual Brain of the Mental world and the Mental body. A discussion of the three higher bodies will be presented in later lessons.

These four Lower Bodies and their Chakras comprise the human personality, as distinguished from the Spiritual Individuality (which is not yet completed in us as human beings.) The Lower Bodies and their Chakras are mortal and temporary. They are destroyed again and again through physical death, etheric death, emotional death and mental death. (The Divine Spirit withdraws from these lower principles each time the personality dies. The Spirit thereupon ascends into the three Higher Bodies and waits until the personality is again born into a human cycle of substance;--physical, etheric, emotional and mental--and a new earthly experience begins once more.)

Various Charts will be supplied later which will aid the Student in understanding the mechanics of our bodies and the action of the Cosmic Chakras in them. And if the present instruction is not clear, we suggest that you continue to study each lesson independently of each other. We have included this very brief sketch of the Inner Bodies in the hope that it would simplify your study of the Chakras, or at least give more meaning to their functions.

As far as Peru and the Andean civilizations are concerned there is not much of immediate value which the Student can absorb from modern Peru and South America. We have mentioned Peru only to complete the record of the Temples as they have existed down the ages of human evolution. Any recent volume on Peru and the surrounding country will furnish an adequate description of the existing features of the tribes and their customs, as well as some idea of the magnificence of the mountains. In the illustrated lectures which are provided each week paintings and pictures of the Incas, Andes and related subjects will suffice to complete the pictorial background of this fascinating country which was once a mighty colony of Atlantis, the Glorious.

It is significant to point out that the Spanish warriors~~to~~ Peru and established the Roman Catholic Church upon the still smouldering ruins of the Inca Temples did so as a direct stimulation from the Saturnian Rays of Ancient Egypt--- who supplied the Roman Church with all that it possesses today. This is an interesting example of the terrific power of the crystallizing magnetism of Saturn when it is used to excess--and aided by the secondary Center of Zeal (also a pyramidal chakra at the top of the spine).

In the outer world of today, these same forces of Saturn, and all the other Chakras, are in mortal combat to determine which ones shall inherit the earth; which ones shall dominate Mankind and gain eternal ascendancy of the Spiritual Consciousness which must submit itself to the Rays of each Center.

* * * * *

THE PRINCIPLE OF EXPANSION WHICH MANIFESTS THROUGH THE SPLEENIC CHAKRA OF Jupiter was magnificently expressed by the ancient Yin-Cahs, the brilliant ancestors of the more or less modern Incas whose ruined cities can be seen at Macchu Picchu. These early Yin-Cahs became the mightiest race of their age, eventually defying even their motherland of Atlantis. Their amazing ability to handle stonework has been the marvel of all students. Today in the almost impassable jungles and steaming forests of upper Brazil can be seen the incredible evidence of their superhuman skill in masonry. They cut a gigantic canal from the Pacific to the Atlantic and lined it with huge sections of granite. In some places these canal walls reach to the height of over one hundred feet! An ingenious series of waterfalls and lakes provided the necessary water to float their vessels from one ocean to the other. We see a remarkable relationship today in the Suez Canal which the French and British dug into the upper border of Egypt---and which today is a point of serious danger to world peace.

The enormous wealth of the Yin-Cahs reflects the natural action of the Spleen Ray of expansion and the Jupiter Principle of Life-Energy. It was tales of this Babulous wealth that drove the Spanish pirates of Pizarro to near frenzy in their struggle to reach the Inca capitol and subjugate it. An ancient prophecy which told of the coming of the bearded men of iron is generally regarded as the reason for the surrender of the mighty Incas to a mere handful of starving Spanish soldiers. There is an interesting legend to the effect that various members of the Inca royal family escaped into the mountains, and today still carry on their divine way of life, studying the Ancient Wisdom and seeking to achieve personal perfection in the manipulation of their Cosmic Chakras and the development of immortal consciousness. Various Holy Ones from India and Tibet are said to have sought shelter with these modern descendants of the ancient Yin-Cahs in their mountain temples of eternal snow. Certainly there are many astonishing accounts of contact with these superior Beings made sometimes accidentally and again with deliberate intention of finding them. Many primitive tribes of the jungles of upper South America have unshakable beliefs concerning the existence of a Race of Gods Who inhabit the ice-covered peaks of the Andes, and at periodical festivals appear to these savages to assist them in various ways.

The excessive occurrence of earthquakes in these mountainous areas points directly to the over-abundant supply of etheric magnetism which fills the earth in these sections. The unique skill possessed by the ancients to bore deeply into the earth and construct gigantic tunnels is again indicative of the relation they had with the Spleen Chakra, which when seen with clairvoyant sight, is like a series of coiled springs or interlocking canals. These subterranean tunnels or canals were carved out of the solid earth to serve as means of passage between the great cities of the Yin-Cahs. The Elder Teachers explain that all of the modern cities of South America are connected with these ancient highways dug far into the earth. Someday they will be revealed to our modern scientists and the lost civilizations of Yin will be the wonder of the age.

As a further correlation with the ancient Temple of Jupiter, we read that all important decisions of the ancient Yins were made during the hours of nine to midnight---the time in which the special radiation of the Jupiterian Temple was at its greatest intensity. The rulers of Yin were said to have been born during these night hours, and also to die at midnight. The interested and alert Student will find many correspondences of this kind in almost any modern history of these Andean peoples and their descendants.

* * * * *

WHILE THE GREAT ETHERIC CENTER OF THE SPLENIC MANIFESTATION IS CONSTANTLY PROJECTED from the Jupiter Temple in Peru, the action of these Cosmic Rays may be felt in any part of the globe--which is the Body of The World-Soul. This same variation of the area of projection and the area of its reception is constantly seen in our own bodies. (A disturbance in the Solar-Plexus may produce disease in the eyes. The Throat-Chakra may produce disorder in the kidneys, and etc.)

No explanation of world events can possibly reveal the true, and hidden, causes of war and international discord--except the Occult Hypothesis of the relation of our personal Chakras with the impersonal Centers of The World-Soul. Only by understanding the Meta-physical Correspondences between ourselves and the Great Self of the World can we logically, intelligently and satisfactorily understand the terrible cycles of scourges, plagues, wars and sundry catastrophes which trouble Mankind periodically.

The Wisdom Religion of the Ancient Master-Men, alone, can give us the full and TRUE reasons for the many seemingly cruel and heartless tribulations which fall upon Humanity. When we understand that all progress is made possible through the preparation and development of a Great Etheric (or invisible) Pattern which directs the flow of Universal Energy and Divine Mind--we have taken the first step in the direction of Wisdom. Then when we understand that all Patterns eventually become stagnant with the excessive crystallization of the Saturnian Rays of the Egyptian Temple of the Root Chakra, and must therefore be dissolved by the expansive Rays of Jupiter as this Cosmic Energy moves through the Spleen Center of Peru--then indeed are we achieving Divine Wisdom and Cosmic Sense.

In our present world-epoch there is an interesting double action taking place in all the nations of the globe. This is the crystallizing action of Saturn and the expanding, or releasing, action of Jupiter. The Root Chakra and the Spleen Center are in mortal conflict over the Consciousness of the millions of bodies which make up Humanity. And the Key to our present worldwide cycle of war, unrest, confusion and fear is to be found in the somewhat surprising fact that the Etheric Body in about eighty percent of Mankind is seriously over-expanded by the Cosmic Rays which emanate from the Planet Jupiter (and are directed into our flesh bodies by the Hierarchy of the Splenic Ray in Peru).

Only the highest evolved members of the human family have a properly CONDENSED AND CRYSTALLIZED Etheric Body. This condensation is necessary to provide order and balance to our Personalized Consciousness. The hundreds of millions of Chinese, Hindus, Mongolians, in fact all of the Oriental nations are in a state of comparative insanity (or mental and emotional unbalance) because of the vast disintegration and expansion of their Etheric Vehicles. This is true of all primitive races, numbering many millions.

When there is no centralization of the Etheric Consciousness there is no aspect of Self, or Personality. The primitive peoples are still deeply immersed in the consciousness of their racial and tribal gods, taboos, traditions. They do not think of themselves as "Selves," as separate and individual personalities who can live independently of their race or tribe. Consequently, their Racial Deities and Tribal Gods are the only personality they can comprehend. Jupiter, Jove, Zeus, Jehovah, Manitou, Quetzacotl, Siva, Kali, etc., etc. are the traditional personalities who and which have existed in and through the nations of the world as Selves. These national selves, these racial identities, must be destroyed. In their place must be established the same kind of individual, personal self-awareness which the people of America possess. This has been a gigantic and, at times, almost impossible goal of The Great White Lodge of the Elder Brothers.

* * * * *

IN THE BEGINNING OF HUMANITY THE FIRST AWARENESS OF SELF WAS THAT OF THE RACIAL OR TRIBAL SELF. Ages ago there were no individuals similar to the American character of today. Even at this very late period in the development of the human pattern there are millions of egos or spirits who are held fast in the crystallizing Rays of Saturn and are able to know only their tribal natures. The last world war was a war of the tribal consciousness upon a huge scale. In the case of both Germany and Russia the insane crystallization of their idea of nationalism led them to attempt to make all the world subject to their own elements of racial development.

This great Cosmic Principle of crystallization or condensation is sometimes used by the Divine Mind to free parts of its universal kingdom by attacking fire with with, so to speak. Consequently, in the vicious efforts of Russia to enslave other nations and impose her own ideas upon them, this crystallizing phenomenon has actually freed many groups from the age old patterns of their own national or race consciousness. Thus the Balkan nations whose peoples have lived, acted, dressed and thought in the patterns their ancestors worked out hundreds of years ago--have been compelled to discard these habits and customs and learn new ones. These new ones may not be superior to their old one, but they are new, different and therefore far less crystallizing in their effects than the traditional ones.

The Communistic slavery which the Chinese people are experiencing now is doubly painful; for not only are they being compelled to adopt new ways of thinking and acting, but also they must endure the destruction of their cherished beliefs and customs--particularly the worship of their ancestors. Ancestor worship has been the scourge of China for centuries. Change, development, progress was impossible while the hundreds of millions of living egos thought and acted as had their forefathers. In this respect it is possible to say that Russia is doing a great service for the Chinese consciousness. However, Russia must herself fall under the control of a superior force which will destroy her own crystallized patterns--which have become thoroughly evil and destructive.

Under the expansive Rays of Jupiter the Pilgrim Fathers turned their backs on the crystallized patterns of Saturn which they found unbearable. Coming to the New World, where they would be free to establish their own personal patterns they were willing to endure the terrible hardships such new ideas required of them. And in the amazing way of the human consciousness not many years had passed until the Pilgrims had become as crystallized in their own new patterns and as bigoted and narrow in their thinking as the very circumstances which had inspired them to make their historical pilgrimage to the New World. Today the word 'Puritan' has become a symbol of all that is limited, narrow and dogmatic.

In order to properly understand the complete action of the Great Centers of Life as They are activated and controlled by The World-Soul it is necessary to consider all of the Chakras together. We cannot properly understand the strange conflict between Russia and America until we have some knowledge of that great Cosmic Area in the World-Mind which is related to our own little Solar-Plexus Center. Since the Solar-Plexus is the seat of Personality it is the next logical step in our efforts to understand how this Cosmic Principle of Human Consciousness came in to being, and how it functions now in the economy of the Divine Creative Pattern for the Earth and its peoples.
